WORK EXPERIENCE

Research Analyst
Institute for Global Strategy and Competitiveness | Sunway University

August 2021 – September 2023

- Conducted quantitative data analysis to support national policy development, including forecasting and trend analysis on key economic and strategic indicators.
- Led knowledge-sharing sessions and conducted workshops for internal teams and external stakeholders, focusing on practical applications of data analytics tools and methods.

Research Assistant
School of Business | Monash University Malaysia

April 2020 - December 2021

- Supported the design and deployment of online survey instruments using Qualtrics, including testing, distribution, and management of respondent incentives.
- Assisted in literature reviews, data collection, and database preparation for ongoing research projects.
- Performed preliminary quantitative analysis to support academic publications and research outputs.

Analytics and Strategy Intern

E-Commerce Division | Maxis Berhad [December 2018 - February 2019]

- Developed interactive dashboards using Google Data Studio to visualize key performance metrics for eCommerce clients.
- Supported monthly reporting and contributed to client presentations by providing data-driven insights and performance trends.
- Analyzed the impact of time-related factors (e.g., time of day, day of week) on customer shopping behavior to inform strategic recommendations.
- Conducted competitor analysis to benchmark performance and identify growth opportunities for clients.
